Who We Are

Your trusted partner in export & OEM solutions

WHO WE ARE

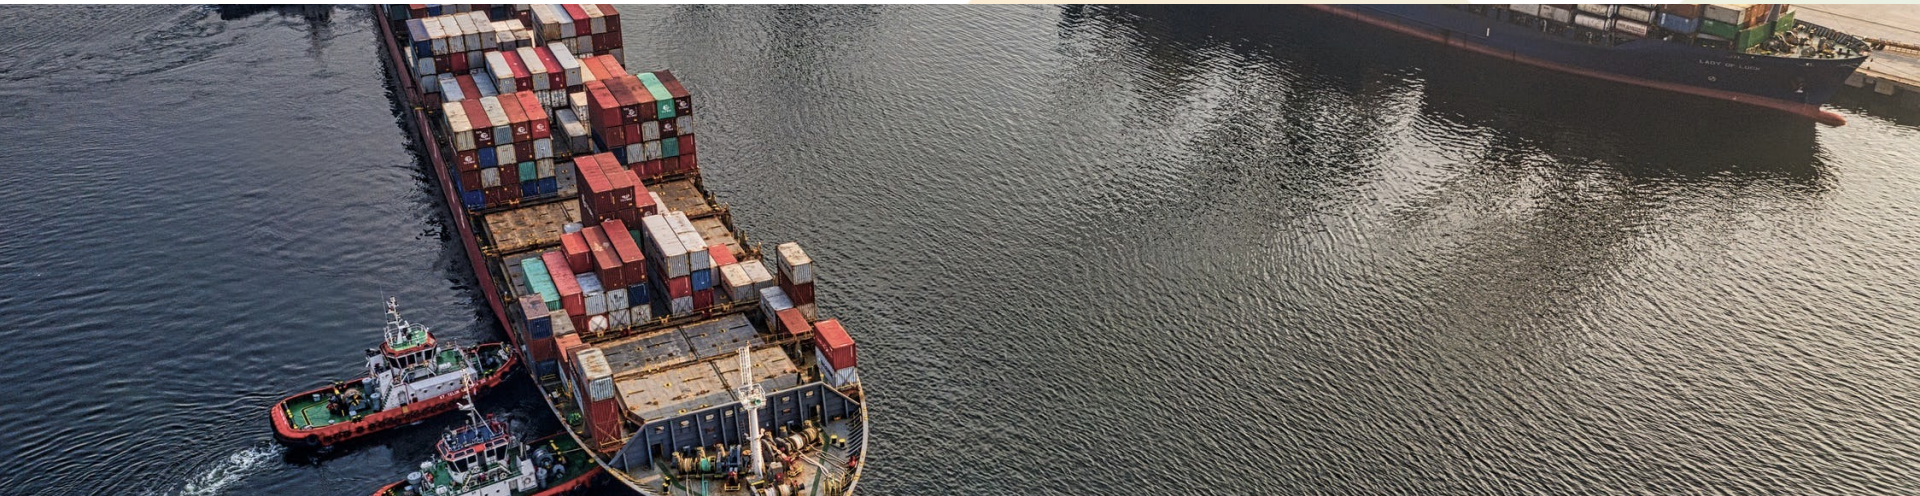

Established in 2003, **GroupG Asia Pacific** is a group of companies which covers many fields from technology to special ingredients for the food, pharmaceutical, and cosmetics industries, accompanied by our consulting, branding, investing professionals.

We, therefore, have a **strong understanding and relationship with industrial manufacturers** throughout Asia in general and Vietnam in particular.

Welcome to G'Connect

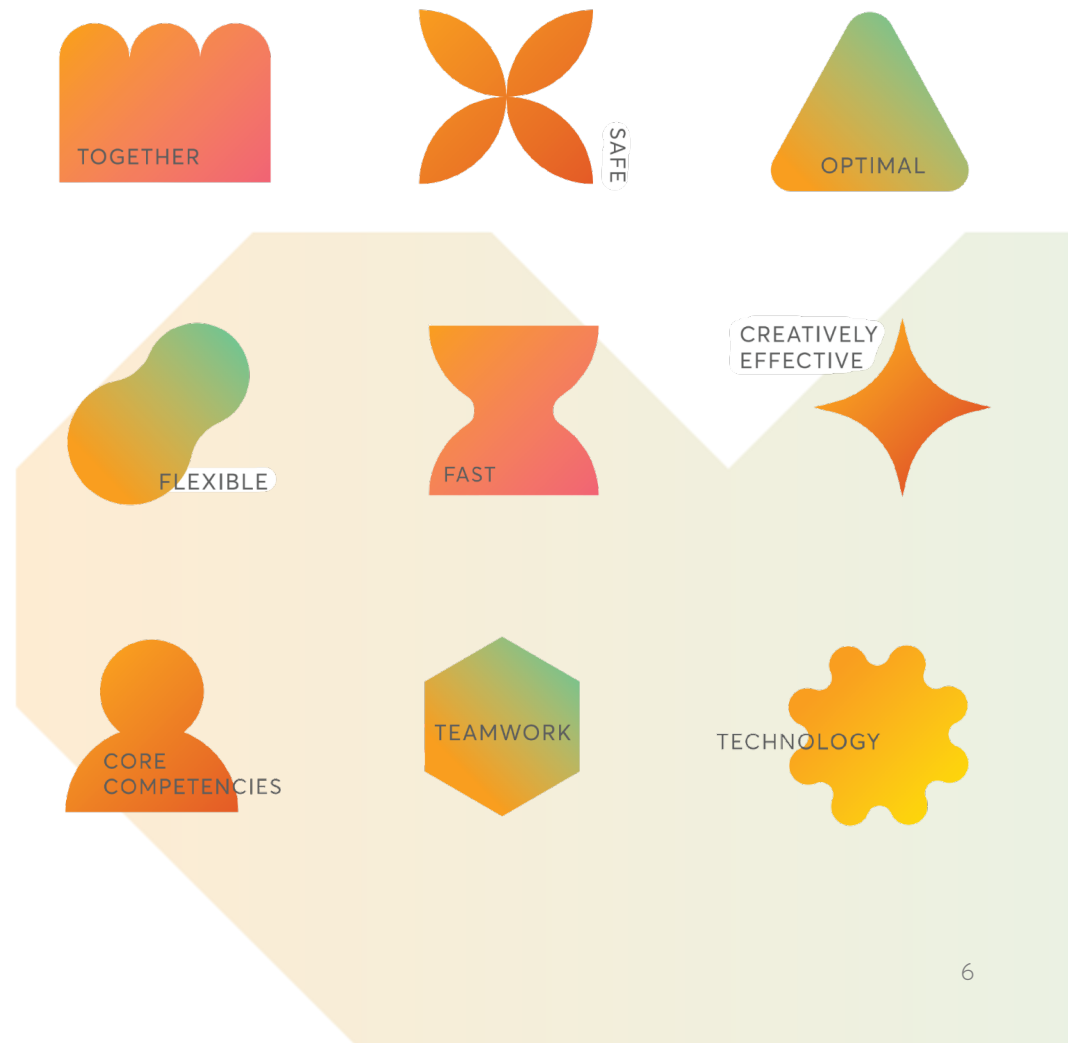

G'Connect – our member company specializes in exporting - thus always confident to bring the best products at competitive prices and full speed.

G'Connect aims to become an export and trade promotion leader, performing as a “bridge” to bring typical products from Vietnam as well as Asia to the international market.

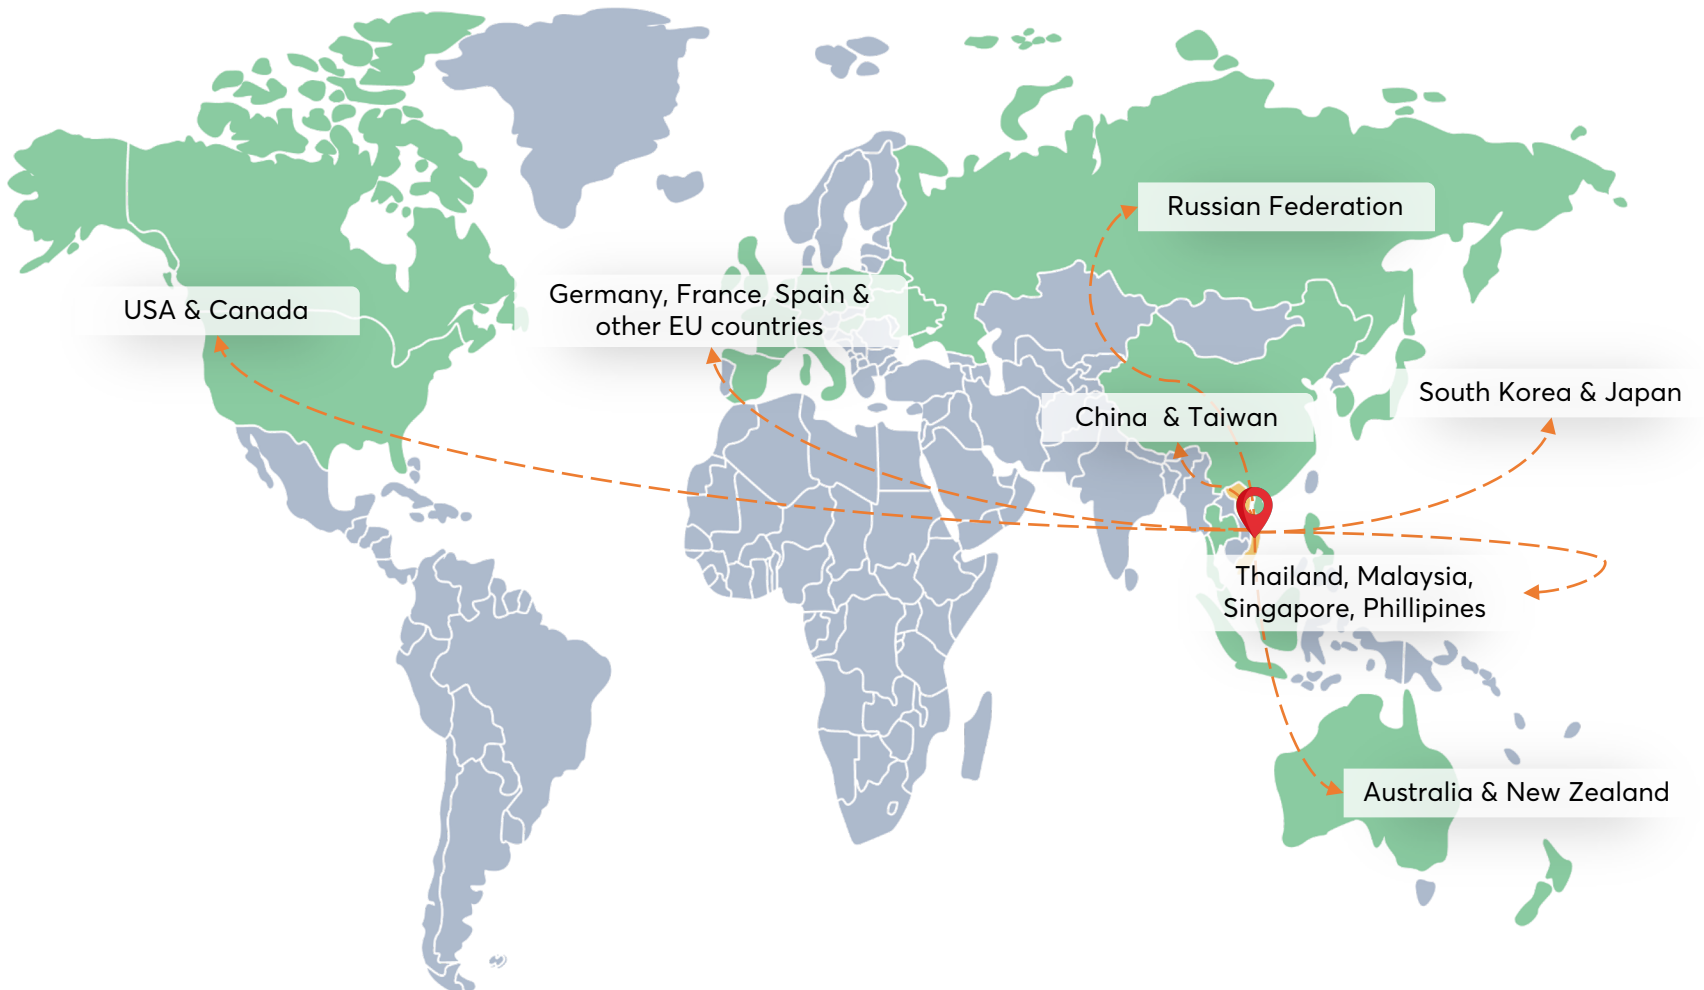

Our Mission

After nearly 20 years of group development, based on the fruitful connection and companionship with Asian manufacturers and international import clients, G'Connect carries out the mission of "Connecting Values" to create success for the ecosystem & bring sustainable values to customers, our partners, our group of companies and the community.

Trusted partner for Commercial Export

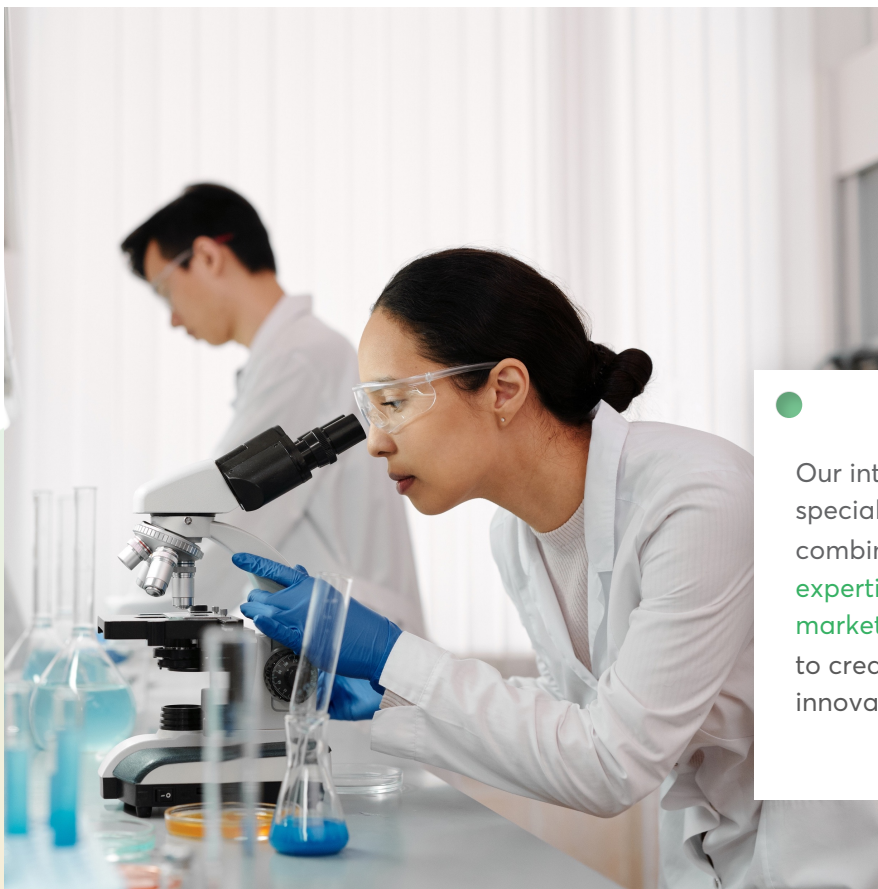

With a strong understanding and relationship with industrial manufacturers throughout Asia in general and Vietnam in particular, G'Connect is confident to be your trustful partner in exporting a wide range of products with high quality at a competitive price.

On the other hand, we can also provide international quality certificates required by the regulations of each importing country.

Adding values with Innovation Consulting

GroupG Asia Pacific's leading technology experts & suppliers from Europe & America are always ready to advise and support G'Connect customers to ensure the set standards and add values for the products, especially in food and fragrance industry.

Our international specialists always combine their expertise and marketing mindset to create the most innovative solutions.

We offer tailored-made solutions that meet your specific needs. Our laboratories are equipped to simulate the actual production conditions of manufacturers, thereby support customers with the best product formulation, application testing, and troubleshooting.

On-Demand OEM/ODM Service

In G'Connect, we provide OEM services with high-quality products. All your requirements and ideas are professionally done by G'Connect and you will be satisfied . With ODM, we cater to the domestic market and retail products here.

PRODUCT DESIGN

Not only meet your requirements but also support you in creating innovative products.

PACKAGE DESIGN

Customize the packaging according to your design or suggest ideas to make the packaging safe and attractive

MARKETING SUPPORT

We have an integrated plan to assist you in developing related marketing support for your channel and country.

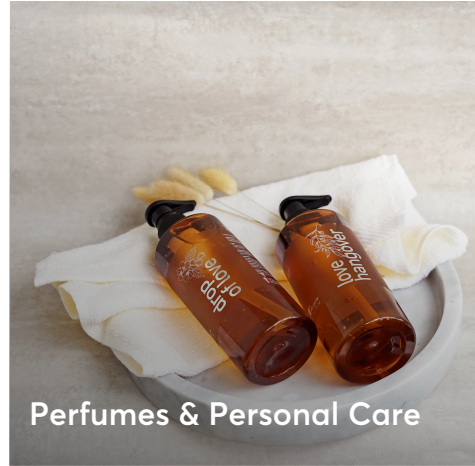

EFFICIENT PRODUCTION

We cooperate with leading manufacturers to turn your ideas into reality quickly and efficiently.
